# ABOUT US

**CRIC FX Networks is such a company in the world which is working with its huge team in the crypto industry for the last 7 years. We have worked as a fund manager with several large crypto projects. And currently CRIC FX Networks all over the world has over \$10 million in funds under management for all its clients. Now the company will do momentum trading on AI technology, which will give better returns to all the clients.**

# WHAT IS CRYPTOCURRENCY ?

A crypto currency is a digital or virtual currency that is secured by cryptography, which makes it nearly impossible to counterfeit or double-spend. Many crypto currencies are decentralized networks based on block chain technology— a distributed ledger enforced by a disparate network of computers.

A defining feature of crypto currencies is that they are generally not issued by any central authority, rendering them theoretically immune to government interference or manipulation.
